**Framing Beads**

**Page 5.2**

CRP-10007, CRP-10772 and CRP-10A48 – all available. CRP-101728, Ridgemont, TW-101486, TW-101547 and TW-10164 standard as shown, no options available.

**Panel Raises**

**Page 5.2**

CRP-10007, CRP-10772 and CRP-10A48 – all 3/4” raises available. CRP-101728 – P-057, P-602, Presidential and Reverse G-Cove only. Ridgemont – P-057, P-602 or Reverse G-Cove only. TW-101486, TW-101547 and TW-10164 1/4” veneered panel only.

**Options**

**Pages 5.9-5.16**

All available except Camelot rout. G-121 panel rout not available on TW-101486, TW-101547 or TW-10164.

**Mullions**

**Pages 5.3-5.7**

Available with all door designs. CRP-101728, Ridgemont, TW-101486, TW-101547 and TW-10164 require special lite charges.

**Appliance Panels**

**Page 5.8**

All available.

**Matching Drawer Fronts**

**Pages 4.67A-4.67B**

Matching drawer fronts available for all designs.
Applied Moulding Mitered Doors

Highland
matching drawer front available

9-1/2” x 9-1/2”
3” framing

Due to construction complexity, all multiple panel CRP-10751MT, CRP-1389MT, Presidential Cathedral and Presidential Square doors include an additional charge per middle rail and middle stile plus the per-panel design charge. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.
**Offering and Availability**

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

**Species**

**Material Pricing Guide**  
All 3/4” species available in CRP-25MP, CRP-10RC446, CRP-10141 and Half Circle. All 1” species available in Half Circle except Bamboo, quarter sawn or rustic knotty. All 3/4” species available in CRP-10751MT, CRP-1389MT and Presidential series except quarter sawn and rustic knotty.

**Edge Profiles**

**Page 5.1**  
All 3/4” profiles available.

**Framing Beads**

**Page 5.2**  
CRP-25MP and Half Circle - all 3/4” framing beads. CRP-10141 - ogee bead on rails, chamfered stiles standard. All other doors - no options available.

**Panel Raises**

**Page 5.2**  

**Options**

**Pages 5.9-5.16**  
CRP-10RC446, CRP-10141, CRP-10751MT, CRP-1389MT, CRP-25MP and Half Circle - all options available except Camelot rout. Presidential designs - all options available except Camelot rout.

**Mullions**

**Pages 5.3-5.7**  
Mullions available on all except CRP-10RC446. Special lite charges apply to CRP-10141, CRP-10751MT and CRP-1389MT. **Caution:** Half Circle mullion placement varies according to the width of the door. Specify configuration to ensure that mullions align when using Half Circle doors with varying widths or with other mullion door designs.

**Appliance Panels**

**Page 5.8**  
All available.

**Complementary Drawer Fronts**

**Pages 4.64-4.71**  
CRP-10751MT, CRP-1389MT and Presidential Square - matching drawer front available. CRP-10141 - order 10141 one piece drawer front.
Specify QC door “with mullions” and the number of lites required. If no lites are specified, a solid panel will be given. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.
Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

Species

Material Pricing Guide  All 3/4” species available.

Edge Profiles

Page 5.1  All 3/4” profiles available on QC-1000 and QC-2000. LC Inset, L-297 and L-304 - not available on QC-3000.

Framing Beads

Page 5.2  Raised panel designs - all available. Mullion designs - regular, square and ogee framing beads only.

Panel Raises

Page 5.2  Raised panel designs - all 3/4” raises available. Minimum door height is the width plus 2-1/2”.

Options

Pages 5.9-5.16  All designs except QC3000 available with pegs, radius corners, concealed hinge boring, face-routed hand pulls, back-routed hand pulls, distressing and wear sanding.

Mullions

Pages 4.26-4.27  Specify number of lites when ordering. The visual appeal of any Quarter Circle mullion door is greatly affected by the number of lites. Consult the charts on the following pages when ordering QC series doors to determine the ideal number of mullion lites for a given door size. Doors shown are for illustrative purposes only. Note: mullion lite charges must be added to the cost of the door. Minimum door height is the width plus 2-1/2”.

Appliance Panels

Page 5.8  All raised panel designs, QC1000 and QC2000 - all available. QC3000 - apply over plywood only.

Complementary Drawer Fronts

Pages 4.64-4.71
**Quarter Circle 1000 Radius Mullion Recommendations**

Use this chart to determine the ideal number of mullion lites for a given Quarter Circle 1000 door size or to determine availability for a given door size.

| Door/Mullion Lite Availability and Recommendations |
|---------------|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
|               | Width |
|               |   10 |  11 |  12 |  13 |  14 |  15 |  16 |  17 |  18 |  19 |  20 |  21 |  22 |  23 |  24 |  25 |  26 |
| Height        |
| 12            |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |
| 13            |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |
| 14            |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |

</table>

Sizes exceeding 48” in height must specify number of lites.
**Slab, Batten and Louver Doors**

**CWS-10302**

Section view from side

7-1/2” x 7-1/2”
Stiles - 2-5/16” framing
Rail width varies from 2” to 2-13/16”
depending on height of door.

**CWS-10446**

Section view from side

7-1/2” x 7-1/2”
Stiles - 2-5/16” framing
Top rail - 2-5/16” framing on face
Bottom rail - framing varies from 2-1/8” to 2-15/16” on face.

**DVG Batten**

matching drawer front available

6” x 7-1/2”
Grooves randomly placed. Battens are attached to back. See Batten Specifications below.

**V-200**

6” x 7-1/2”
Rails - 2-5/16” on face
Grooves randomly placed.

**Aurora**

matching drawer front available

7-1/2” x 7-1/2”
Stiles - 2-5/16” framing on face.
Horizontal grain standard on panel.
Solid wood framing sits slightly higher than plywood panel. All species use 3/4” thick MDF substrate center panels.

**Flush Batten**

matching drawer front available

6” x 7-1/2”
Battens are attached to back. See Batten Specifications at right.

**Batten Specifications**

Batten location - 3”
from top and bottom of door. 1-7/8” from each door edge.

---

Framing width listed is determined by measuring across the back of the framing unless otherwise noted.

*Conestoga will not guarantee that louvers on single opening CWS-10446 doors wider than 26” will not bow, twist or warp creating unequal spacing.

** See the one piece design pricing chart on the opposite page for additional pricing information.
### Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

#### Species

| Material Pricing Guide | All 3/4” species available in CWS-10302 and CWS-10446 except quarter sawn or rustic knotty. DVG Batten, V-200 and Flush Batten - all 3/4” species available. Aurora – panel available in 3/4” plywood in species listed on page 4.28 – framing available in all 3/4” species except rustic knotty. Matching specie veneer edgebanding on top and bottom of panel except: Macassar Ebony has Walnut edgebanding, Wenge has Walnut edgebanding and Zebrawood has White Oak edgebanding. **Note:** Walnut framing is standard on Macassar Ebony and Wenge doors. |

#### Edge Profiles

| Page 5.1 | On all designs except Aurora, all available. On Aurora top and bottom - machine edge only, stiles - machine edge standard, all 3/4” available. |

#### Framing Beads

No options available.

#### Panel Raises

No options available.

#### Options

| Pages 5.9-5.16 | CWS-10302 and CWS-10446 - all options available except panel routs and Camelot rout. DVG Batten and V-200 - radius corners, face-routed and back-routed hand pulls, distressing, wear sanding and hinge routing only. Aurora - hinge boring, pegs, radius corners and putty pin holes only. Flush Batten - all options available except Camelot rout. **Note:** CWS-10302 now available in wiping stains and Truetones with glaze, and non-glazed Colourtones and Prism Paints. CWS-10446 not available in Truetones, Colourtones or Prism Paints. |

#### Mullions

| Pages 5.3-5.7 | All designs except Aurora must be ordered as a CRP-10 mullion door with square bead framing. Aurora mullions order as CRP-10 with square bead framing in Bamboo, Birdseye Maple, Cherry, Hard Maple and Rift Cut White Oak. For all other species, contact Special Designs. |

#### Appliance Panels

| Page 5.8 | Aurora – apply over plywood in Bamboo, Cherry, Hard Maple and Rift Cut White Oak only. All other designs – all available. |

#### Complementary Drawer Fronts

| Pages 4.64-4.71 | DVG Batten, Aurora and Flush Batten matching drawer fronts available. |
**Statesman Collection Doors**

**Churchill**
- Matching drawer front available
- Dimensions: 8-7/8" x 8-7/8"
- Framing: 2-3/4"
- Raised shown: P-008

**Douglass**
- Rail cross section
- Dimensions: 8-7/8" x 8-7/8"
- Framing: 2-3/4"
- Details: Ogee rails, Chamfered stiles
- Raised shown: P-106

**Franklin**
- Matching drawer front available
- Dimensions: 8-7/8" x 8-7/8"
- Framing: 2-3/4"
- Raised shown: P-008

**Hancock**
- Matching drawer front available
- Dimensions: 9" x 9"
- Framing: 2-3/4"
- Raised shown: P-602

**Lafayette**
- Dimensions: 7-7/8" x 7-5/8"
- Framing: 2-3/4"
- Details: Reverse G-Cove
- Raised shown: G-056 rout
- Spacing: 1-1/2"

**Monroe**
- Matching drawer front available
- Dimensions: 9" x 9"
- Framing: 2-3/4"
- Raised shown: P-602

Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.

Shaker Doors

Albany
matching drawer front available
7" x 6-3/4"
2-5/16" framing
3/8" Reverse G-Cove
raise shown

Amesbury
matching drawer front available
7-1/2" x 7-1/2"
2-5/16" framing
5/8" Reverse G-Cove
raise shown

Fairhaven
matching drawer front available
7" x 7"
2-5/16" framing
1/2" Reverse G-Cove
raise shown

Madison
matching drawer front available
7" x 7"
2-5/16" framing
1/2" Reverse G-Cove
raise shown

Sheldon
matching drawer front available
11-3/8" x 7"
2-5/16" framing
3/8" Reverse G-Cove
raise shown

Stockbridge
matching drawer front available
7" x 5"
2-5/16" framing
1/4" Veneered Panel
raise shown

Windham
matching drawer front available
7" x 6-3/4"
2-5/16" framing
3/8" Reverse G-Cove
raise shown

All plywood panel designs use a 1/4" veneered, composite core panel. All panels except White Birch use a plain sliced face or half round face and rotary back veneer. White Birch uses a rotary face and back. Vertical grain direction standard unless otherwise noted; horizontal grain available upon request.

Due to construction complexity, all multiple panel Madison doors include an additional charge per middle and upright rail plus the per-panel design charge.

Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.
Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

Species

Material Pricing Guide

All 3/4” species available except in Madison and Stockbridge designs. Madison available in all species except quarter sawn or rustic knotty. Stockbridge available in all species except Soft Maple or rustic knotty.

Edge Profiles

Page 5.1

Framing Beads

Standard as shown - no options available.

Panel Raises

Page 5.2

Amesbury - 3/4” raises include Reverse G-Cove and Reverse Slant. 3/8” raises include G-Cove (specify P-240 raise) and Reverse G-Cove. Other doors - standard as shown. Stockbridge - 1/4” veneered panel only.

Options

Pages 5.9-5.16

All available except Camelot rout. G-121 panel rout not available in Stockbridge. Face-routed hand pull not available on Windham.

Mullions

Pages 5.3-5.7

All available. When ordering the Amesbury and Fairhaven, Conestoga recommends the CRP-10 mullion with square bead. When ordering the Madison, Conestoga recommends the CRP-10751MT with regular or square bead mullions.

Appliance Panels

Page 5.8

All available except Windham - apply over plywood only.

Matching Drawer Fronts

Pages 4.40-4.41

Complementary drawer front available for Sheldon. Matching drawer fronts for all other designs.
Shaker Doors

Bristol
matching drawer front available
7-7/8" x 6-3/8"
2-3/4" framing
9/16" Veneered Panel

Cortland
matching drawer front available
9-3/8" x 7-7/8"
3-1/2" framing
9/16" Veneered Panel

All plywood panel designs use a 9/16” veneered, composite core panel. All panels except White Birch use a plain sliced face or half round face and rotary back veneer. White Birch uses a rotary face and back. Vertical grain direction standard unless otherwise noted; horizontal grain available upon request. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.

Options

| Pages 5.9-5.16 | G-121 panel rout not available on Stockbridge. Face-routed hand pull not available on Windham. All others designs - all available except Camelot rout. Essex rout standard on Bristol design. |

Appliance Panels

| Page 5.8 | All available except Windham - apply over plywood only. |
**Arts and Crafts Collection Doors**

**Berkley**
- 9" x 7-1/2"
- 2-3/4" framing
- Number of mullions and lites is fixed.
- 1/4" Veneered panel

**Cottage**
- 7-5/8" x 7-5/8"
- 2-3/4" framing
- Reverse G-Cove raise shown
- Diagonal Walnut pyramid pegs standard.

**Mission I**
- 9-7/8" x 17-3/4"
- 2-3/4" framing
- Number of mullions and lites will vary based on width.
- 1/4" Veneered panel
- Top opening
- 6-5/8" high fixed

**Mission II**
- 9-7/8" x 17-3/4"
- 2-3/4" framing
- Number of mullions and lites will vary based on width.
- 1/4" Veneered panel on bottom
- Top opening
- 6-5/8" high fixed

**San Raphael**
- 12-3/4" x 12-3/4"
- 2-3/4" framing
- 2" x 2" corner lites
- 1/4" Veneered panel

Note: Berkley and San Raphael designs are available with the removable panel option. Multiple panel designs, such as Mission I and Mission II are also available with removable panels. Option includes #52 wood retainer molding. Loose panel option available on unfinished doors only.

All plywood panel designs use a 1/4" veneered, composite core panel. All panels except White Birch use a plain sliced face or half round face and rotary back veneer. White Birch uses a rotary face and back. Vertical grain direction standard unless otherwise noted; horizontal grain available upon request. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.
Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

Species

| Material Pricing Guide | All 3/4” species available in Cottage design. All other designs are available in all species except Soft Maple or rustic knotty. |

Edge Profiles

| Page 5.1 | All 3/4” profiles available except L-772 on Cottage. |

Framing Beads

All doors are standard as shown - no options available.

Panel Raises

All doors are standard as shown - no options available.

Options

| Pages 5.9-5.16 | Cottage - all options available except pegs and Camelot Rout. All other designs - all options available except G-121 rout and Camelot Rout. Removable panel option available on unfinished orders only. Walnut pyramid pegs are standard on Cottage door design and optional on Berkley, Mission I, Mission II and San Raphael designs. Pyramid pegs will be installed in Cottage design unless customer requests “ship pegs loose” option or doors get finished. Due to limited access to certain portions of Arts & Crafts doors, there will be areas between the mullions that have some roughness and more stain or glaze residue then typically seen on other Conestoga finished products. Edges of mullions may also show small amounts of sand through. The appearance of these characteristics will not be considered defective. On finished designs that receive pyramid pegs, the Walnut pegs will be finished in natural unless specified unfinished. Note: The Arts & Crafts Collection is not available with Colourtone finishing option. |

Mullions

| Pages 5.3-5.7 | Cottage - available with frame only and optional mullion configurations - square frame bead only. All other designs - mullion configurations are standard for each design; no optional mullion configurations are available. Frame only - square frame bead only. Clear retainer moulding is available on Berkley, Cottage, Mission II, and San Raphael designs. No retainer or #52 wood retainer is optional on all designs. |

Appliance Panels

| Page 5.8 | All available. |

Complementary Drawer Fronts

| Pages 4.44-4.45 | |

Winter 2015 Conestoga Wood Specialties Corporation
**Arts and Crafts Collection Drawer Fronts**

- **Royal**
  - Size: 5-5/8" x 5-5/8"
  - Frame: 2-5/16" framing
  - Panel: 3/8" Veneered panel

- **Saxony**
  - Size: 4-1/2" x 4-1/2"
  - Frame: 1-3/4" framing
  - Raised: P-057 raise shown

- **Versailles**
  - Size: 5-5/8" x 5-5/8"
  - Frame: 2-5/16" framing
  - Panel: 3/8" Veneered panel

All plywood panel designs use a 3/8" veneered, composite core panel. All panels except White Birch use a plain sliced face or half round face and rotary back veneer. White Birch uses a rotary face and back. Horizontal grain direction standard unless otherwise noted; vertical grain available upon request. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.

<td>Reverse G-cove raise shown</td>
</tr>
</tbody>
</table>

All 1" thick doors will incur a 30% material upcharge. If premium grade is selected, additional upcharges will apply. Framing beads on the Normandie, Provence and Staffordshire are designed to accept 7/8" thick panels. Panels will be flush with framing on face of door. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted. The beveled framing of the Summit door gives the illusion that mitered joints may be slightly open; however, the blind tenon joint is in fact, fully closed and very strong. Finishing materials will also accumulate at the joints, further accentuating the joint. Sanding may alter the join’s overall appearance. These characteristics are not considered defective and the product will not be replaced.
Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. Astoria design is available with contrasting specie 3mm wood edgebanding. All edgebanded door panel species are available with contrasting specie edgebanding.
Contemporary design sample kits are available. See the point of purchase items in section 13 for details.
Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

Species

Edge Profiles

All doors standard as shown - no choices available. For accompanying wood products, order Machine Edge for Savoy and L034 edge for Astoria.

Framing Beads

No options available.

Panel Raises

No options available.

Options

| Pages 5.9-5.16 | All doors can receive concealed hinge boring, soss hinge boring. Horizontal grain direction available. Sequential grain matching is available on Astoria and Savoy designs; complete option details and pricing are available in a PDF file, contact Customer Service for a copy. Note: Except Bamboo, all International Species Collection are available in natural finish only. Caramelized Bamboo available in a wide variety of wiping stains and glazes, see section 6 for availability. Colourtone finishes are not available on edgebanded doors. Use MDF slab with machine edge as an alternative to utilize Colourtone finishes. |

Mullions

| Pages 5.3-5.7 | Mullion designs are available in Bamboo, Cherry, Hard Maple and Rift Cut White Oak only but must be ordered as CRP-10 doors with square frame bead. Frame only and mullions not available with International Species Collection. |

Appliance Panels

| Page 5.8 | Apply over plywood available in Cherry, Hard Maple, Rift Cut White Oak and Walnut only. |

Matching Drawer Fronts

| Pages 4.60-4.61 |  |
**Sequential Grain Matching**

- Sequential grain matching is available on all plywood and DLV edgebanded doors and drawer fronts.
- Vertical or horizontal grain orientation is available and must be specified.
- Grain matching will flow through all of the associated doors and/or drawer fronts on individual cabinets.
- Grain will not match from cabinet to cabinet.
- Each piece will be stamped to identify its sequence within a cabinet. Stamping will be a numeric/alpha code combination to represent your item number and all of the related pieces to that specific item. (Example: 1A, 1B, etc.)
- Doors and drawer fronts that require sequential matching are priced using the material charges listed below by specie.
- Maximum cabinet sizes can not exceed 46” across the grain or 94” with the grain.
- In the event that a replacement is needed, the entire template (series of doors and drawer fronts) will need to be reordered to ensure a consistent grain match.
- For complete information on Edgebanded designs, see the previous pages.

**Ordering Instructions**

- To achieve sequential grain matching, all corresponding doors and drawer fronts will be cut from an oversized blank.
- Doors and drawer fronts requiring sequential grain matching must be ordered using Conestoga’s Sequential Grain Matching (SGM) Templates and order form #7 to identify the specific cabinet configuration, position and sequence of the individual pieces within a cabinet.
- Select the appropriate SGM template number that matches your cabinet configuration. Indicate the grain direction of your doors and drawer fronts (vertical or horizontal).
- Following the numeric sequence of the template, enter your doors and drawer fronts in positions 1, 2, 3 etc., width x height.
- Indicate whether the piece is being used as a door or a drawer front.
- Specify hinge drilling, options and special instructions in the notes section.

Keystone

2-3/4" x 2-3/4"
Matches G-Cove raise
3/4" or 1" slab

1-1/2" Sandwich

3-1/4" x 3-1/4"
3/4" or 1" slab

DVG Batten

6" x 3-1/2"
3/4" thickness only
Vertical grain only

1-1/8" Sandwich

3-1/2" x 3-1/2"
3/4" Slant raise shown
Specify panel raise and edge profile
Two slabs are glued together to create a thicker drawer front

1-1/2" Sandwich

3-1/2" x 3-1/2"
1" Slant raise shown
Specify panel raise and edge profile
Two slabs are glued together to create a thicker drawer front

10946

4-1/2" x 4-1/2"
3/4" thickness only

Aurora

7-1/2" x 2-3/4"
Stiles - 2-5/16" framing on face.
Horizontal grain standard on panel.
Framing sits slightly higher than panel. All species use 3/4" thick MDF substrait center panels.

#10

3" x 3"
Matches slant raise
3/4" or 1" slab

10141

3-1/4" x 3-1/4"
3/4" or 1" slab

DVG Batten drawer fronts available with vertical grain only.

**See the one piece design pricing chart on the opposite page for additional pricing information.

All 1", 1-1/8" and 1-1/2" thick drawer fronts will incur a 20% material upcharge. If premium grade is selected, additional upcharges will apply.
**Offering and Availability**

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

**Species**

**Material Pricing Guide**

1-1/8" and 1-1/2" sandwich available in all 3/4" species except Bamboo. Aurora – panel available in 3/4" plywood in the species listed on page 4.64 – framing available in all 3/4" species except rustic knotty. Matching specie veneer edgebanding on top and bottom of panel except: Macassar Ebony has Walnut edgebanding, Wenge has Walnut edgebanding and Zebrawood has White Oak edgebanding. **Note:** Walnut framing is standard on Macassar Ebony and Wenge drawers.

**Edge Profiles**

**Page 5.1**

3/4" Slab, DVG, 1" #10, 1" Keystone and 1-1/8" Sandwich - all 3/4" profiles available. 1-1/2" Sandwich - E-lip and all 3/4" edge profiles without rabbet available. 10946 - standard as shown, no options available. 10141 - all profiles without rabbet available. On Aurora top and bottom - machine edge only, stiles - machine edge standard, all 3/4" available.

**Panel Raises**

**Page 5.2**

Keystone, #10, 10141 raises standard as shown, no options available. 1-1/8" Sandwich - all 3/4" panel raises available except P-057 and Reverse G-Cove. 1-1/2" Sandwich - all 1" panel raises available except P-057 and Reverse G-Cove. Aurora, Slab, DVG Batten and 10946 - not applicable.

**Options**

**Pages 5.9-5.16**

Slab available with pegs, radius corners, face-routed hand pull and back-routed hand pull, distressing and wear sanding only. 10946 available with back-routed hand pull and distressing only. Aurora - hinge boring, pegs, radius corners and putty pin holes only. All others available with face-routed hand pull, back-routed hand pulls, distressing and wear sanding only.

**Appliance Panels**

**Page 5.8**

3/4" #10, 10141, 10946 and Keystone available with apply over plywood only. Aurora – apply over plywood in Bamboo, Cherry, Hard Maple and Rift Cut White Oak only. All other designs – all available.

All plywood panel designs use veneered, composite core panels. All panels except White Birch use a plain sliced face or half round face and rotary back veneer. White Birch uses a rotary face and back. Horizontal grain direction standard unless otherwise noted; vertical grain available upon request. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.
Offering and Availability

All Conestoga products are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs on the previous page. For a detailed listing of a particular product specification, refer to the page indicated.

Species

Material Pricing Guide

All 3/4” species available in Barcelona, CRP-10, CRP-10161, CRP-10209, CRP-10797 and Monarch Square. All 1” species available in CRP-10 except Bamboo, quarter sawn and rustic knotty. CRP-10751MT, CRP-1389MT and Presidential available in all 3/4” species except quarter sawn and rustic knotty. TW-10 available in all 3/4” species except Soft Maple or rustic knotty. TW-10 available in all 1” species except Bamboo, Soft Maple or rustic knotty. TW-10916 available in Cherry, Hard Maple, Paint Grade, Red Oak and Walnut only. Verona available in all 3/4” species except Soft Maple or rustic knotty.

Edge Profiles

Page 5.1 All 3/4” available.

Framing Beads

Page 5.2 CRP-10 and TW-10 - all available. All others - standard as shown, no options available.

Panel Raises

Page 5.2 Barcelona, CRP-10161 and CRP-10209 - standard as shown, no options available. CRP-10797 - P-057, M-Bead, Presidential, Reverse G-Cove and RM available. CRP-10 - all 3/4” and 1” raises available. CRP-10751MT, CRP-1389MT, Monarch and Presidential - all 3/4” available. TW-10 and Verona - 1/4” veneered panel only. TW-10916 - 9/16” veneered panel only.

Options

Pages 5.9-5.16 All drawer fronts can receive G-012, G-015, G-056 panel routs, face-routed hand pull, back-routed hand pull, distressing, wear sanding, pegs and radius corners. G-121 panel rout not available on TW-10 and Verona. Note: The applied moulding on the Verona butts up against the framing but does not overlap. This construction can result in a black line when using painted finishes and is not considered a defect. To avoid this potential issue, utilize the TW-101728.
